

# TYPES OF WEATHERPROOFING PRODUCTS

		APPLICATION	FEATURES	COVERAGE PER LITRE	GUARANTEE
<b>CEMFLEX</b> 5 L	<b>MEMBRANE-FREE</b>	Retaining walls, balconies, veranda floors, fish ponds, showers	Acrylic emulsion, which improves the water resistance and adhesion of the cement-based composites	1 m <sup>2</sup>	
<b>DAMPTITE</b> 5 L		Indoor and outdoor plaster and rendered surfaces, brick, stone	Prevents mould and biological growth, UV resistant, can be overcoated with paint and wallpaper, almost invisible after drying	0.2 – 0.3 m <sup>2</sup>	5 year
<b>FIBRETITE</b> 5 L		Flat roofs, tiled roofs, parapet walls, flashing overcoating	Fibre reinforced, flexible, durable, good adhesion, can be overcoated	1 m <sup>2</sup>	5 year
<b>H20TITE</b> 5 L, 10 L	<b>MEMBRANE INCLUDED</b>	Flashings, sealing joints, laps and roof screws on corrugated roofs, parapet walls	Excellent adhesion, flexible, durable, UV resistant	2.1 m <sup>2</sup>	
<b>PLASCON MULTISEAL</b> 5 L	<b>MEMBRANE-FREE</b>	Primed galvanised roofs, concrete, parapets, flashings, vertical walls cementitious tiles, non-traffic flat roofs, and for intricate waterproofing tasks	Hard-wearing and flexible, excellent resistance to abrasion, impact and stone chipping, resistant to diesel, petrol, dilute hydrochloric and sulphuric acids, excellent resistance to water and marine environments, may be overcoated by itself, or with an alkyd.	1 m <sup>2</sup>	
<b>PLASCON DAMPSEAL</b> 1 L, 5 L	<b>MEMBRANE-FREE</b>	For both interior and exterior use on vertical walls where damp may occur.	Excellent adhesion, reacts with moisture in the substrate, forming a barrier which water and dissolved salts cannot penetrate, preserves the integrity of the substrate by preventing the loss of soluble salts	3 m <sup>2</sup>	
<b>PROLONG SUPASEAL</b> 1 L, 5 L	<b>MEMBRANE-FREE</b>	For interior and exterior use on porous surfaces such as facebrick, clay, terracotta tiles, porous slasto and stone cladding	Excellent abrasive resistance and non-slip characteristics on porous surfaces	8 – 12 m <sup>2</sup>
